

Our DHMO panels range in size from 1,500 to 2,500 dentists and dental specialists in the five boroughs and the surrounding counties (including northeast NJ). Remember, the value of a dental plan is the discounts you get from the participating dentists.

The founders of Healthplex created New York State's first Dental HMO and currently offers New York one of the largest DHMO panels available. So whether you value access to a large panel or want to keep costs down, Healthplex has you covered.

Healthplex dentists are credentialed at the highest standard level as verified by the National Committee for Quality Assurance.¹

¹NCQA is an independent, not-for-profit organization dedicated to assessing and reporting on the quality of managed care plans, managed behavioral healthcare organizations, preferred provider organizations, new health plans, physician organizations, credentials verification organizations, disease management programs and other health-related programs.
